ESCAPE

TO

PLANET MORON MOUNTAIN

In November 15, 1996, a famous Basketball player in the world, Michael Jordan later returns to the Chicago Bulls to resume his basketball career. He played against New York. Until finally, Michael Jordan won the game and saved the basketball season. While he's playing, Bill Murray was watching the game. Then a publicist and assistant, Stan Podolack (Wayne Knight) squeezed through the crowd. He asked Bill, "Excuse me, how's Michael doing?" Bill answered, "Michael is doing good! Pretty good!" "You know, I can watch him play for years!" In January 1999, Michael Jordan retired for a second time. He said in his speech, "Well after I decided I have to head back to the basketball game. I decided to retire for a long time. But if you want to find a new player in the world, there is one anywhere!"

were. Now all we need is to get help from someone. Then came a girl who watched Michael Jordan play basketball. Bill asked, "Who are you?" "I'm Arielle McCathy and I'm here to help. But how?" Stan asked. "I heard Michael Jordan is retiring, but I will show you where to find a new player," said Arielle (Anna Farris). Later that night, Arielle, Bill, and Stan came inside Michael Jordan's house, Exercise room, Basketball court, and outside on the island. Arielle said, "Right here." "Well you could dig to Looney Tunes Land," said Bill. "Okay, I can dig," said Stan as he tiggled toward the bottom of the ground. In the center of the earth's crust, Stan felt the crack of the dirt, then he fell through the hole, into the Warner Bros. Picture, and crashed onto Looney Tunes Land. When Bugs Bunny came to a stop, he asked as he ate a carrot, "What's up dog?" Stan thought. "You're not real," Stan said.

Porky Pig, and Lola Bunny are located underneath our hole if you need help." Then Stan thought of an idea. Bill asked "What is it?" He answered, "Michael has his house above where Looney Tunes

his mouth. Tazzermanian devil said out of the  
mail box, "Basketball!" "Is that  
Michael?" Sylvester the Cat  
asked. "Uh, it's just Stan."  
Tweety Bird corrected him.

Porky Pig came up and asked him, "Eee blee,  
would you like an Eeebublee autograph?"  
Then Daffy Duck came up and asked, "Step  
asside, so what's going on down here?" "We  
glad you asked," Stan explained, "You see my friend  
Michael Jordan is retired... You man, Mike is  
looking forward for being the owner of Char  
Hornets?" Bugs asked for an interuption. "Ho  
did you know that?" Asked Stan. "Whatch this  
said Bugs. Bugs showed him the news on T.V.  
Michael Jordan said on the news, "Well, I'm  
looking forward to see about owning Charlott  
Hornets." Stan understood, Michael Jordan contin  
But I need a best basketball player in the  
world." "That's it, to make Michael Jordan be  
the owner of the Hornets, we need to look  
all over for the world. But one thing, who's go  
at finding a best basketball player?" Stan aske  
then a girl named Lola bunny waked out and said  
"Oh I know how to help!" "Really Lola?"

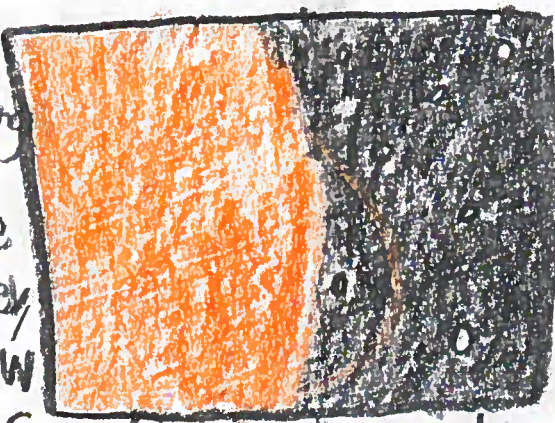

Bill and Arielle called out "are you okay?" Stan shouted "Yeah, I'm fine! How can we

back up there?" "Stand back," said Sam as he laso up Stan, Bugs, Daffy, Lola, and Porky back to the top. The the nerd luck aliens that has bug eyes, and antennas saw that they're looking for

a new player in the world. The pink fella said "The best player in the world." The purple fella said, "Let's go tell our new boss

Meanwhile, far away in outer space, in the solar system, the sun turns red and it slowly

expands. Marvin the Martian was watching in the telescope. When his dog came up to drink some water, Marvin said, "I know

boy, it's moving fast and we're all gonna die today. But the boys will be here soon." The the nerd luck came to listen. He continued, "Did you see that? I told you one we need a new home!" The orange fella explained,

we're gonna go back to moron mountain." "Wait a minute, did you say Planet Moron Mountain?" asked Marvin. "Uh yeah." said the orange fella. "That's it, if we go to Planet Moron Mountain built their home there, then we can save people lives before the sun blows up," said Marvin's idea. "But what about Michael Jordan?" The green fella suggested. "I know!" Marvin the Martian said as he scripted a space Monkeys. "Come in Dobby! The sun is going to explode! Make sure you take basketball players to Moron Mountain, safely." (Timothy Dalton) Dobby's right away sir!" Later, Marvin the Martian and the nerdicks traveled above ground, out in space. While the Moron Airship was traveling through the LooneyTune wormhole, the orange fella said, Hang on! Are we there yet?" The blue fella asked. The Moron Airship traveled faster and faster, until it went through planet moron mountain. The Moron Airship rolled out the inflatable slide.

be home. "Outstanding, with this planet  
Mountain theme park, I will keep on adding  
more building and do some Earth shading  
"Earth shading," the blue fella asked, "What  
they can't come." "Did you say can't come  
said Marvin, "Make them." "Cool!" The blue  
fella said. Twenty years later, Michael  
Jordan owns the Charlotte Hornets playing  
against the Los Angeles  
Clippers with a new best  
basketball player in the  
world, Diamond Stone.

Stan was the coach and  
Bill Murray was a referee.  
Arielle was standing next to Michael Jordan  
watching. In the stadium, their kids: Russell  
(Roman) Charlie (Noah Jupe), and Lilly (Remi Deupree)  
were watching their parents working. Charlie  
asked "Isn't that Diamond Stone?" "Yes it is! He's a  
professional basketball player!" said Russell. "Your  
parents are doing a good job being a coach and  
a referee," said Lilly. During halftime, Arielle  
complimented Bill and Stan. "Hey boys! Great help  
out there!" "Why are you wearing a lab coat in  
this basketball game?" Stan asked. She  
continued, "Because, did you see that the space  
monkey is sending an alien message somewhere

states over and in the  
general too!" "Okay  
Bring the two presiden  
and the general forward please!" Said Bill.

Mean while, as the sun is getting hotter,  
the moron airship with a ball pit melting  
pot is getting close to the Earth. Back on  
Earth, President George with his vice president  
Frank made his announcement, "Good afternoon,  
ladies and Gentle men! I've have an announcement  
for today! Whenever theres an alien invasion,  
we sent over military troops to solute!" "It's  
my job to be a general!" Said the general. (Hugh  
-auric) "Hey, Hey, knock it off! Let him finish  
speaking!" Said the vice president (Andy Daily) "Ok  
where was I?" President George said, (John Goodma  
This is not World War III! This is all about

earth shaderying!" Then Marvin  
interrupted on the big screen,  
Earth shatering is my job!  
You, all of you are now going  
to a theme park in outer space,  
planet Moron Mountain! I'm Marvin the Martian  
come in peace! But don't worry we'll put you  
in a better home for more room." All the peop  
in cities began to panac. First Marvin

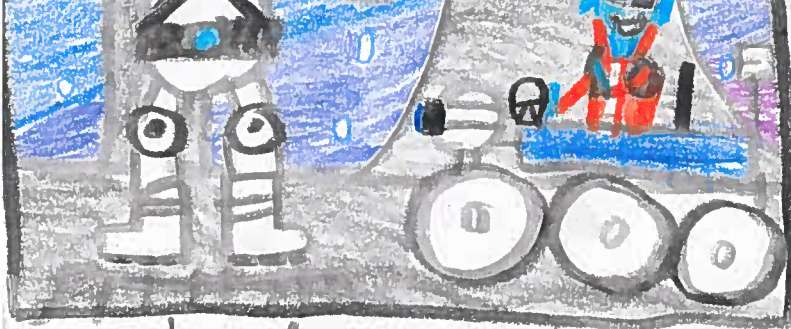

melting pot ball pit. Next, the herd lucks vacuumed the people in Washington D.C., third, the herd lucks vacuumed the people in New York City. Forth, the herd lucks vacuumed the people in Los Angeles. Fifth, the herd lucks vacuumed the people in Paris. Then they vacuumed up all the people on Earth until the whole town was completely empty. The orange fella asked Marvin "Okay, that everybody now can we go back?" "Yes, we can!" He said.

At the Planet Moron Mission Control, the boy alien named Jimbo (Nathan Mack) is playing a space invaders video game.

His dad named, Sam (Rob Corddry) asked his son, "Did you hit him yet, kid?" Jimbo wasn't paying attention. He said as he continued on his game, "Hey, what happened to my game?" The game appeared, "Game over!" "Jimbo!" He said, "What?" Jimbo answered, "I was playing my video game until I still scored a high score! Right? The kubo flew over to hug Sam. He said, "Oh that's enough, kid." Suddenly, the moron airship is about to land. Sam continued "Uh, oh! Look like, they're preparing for the land! Call George!"

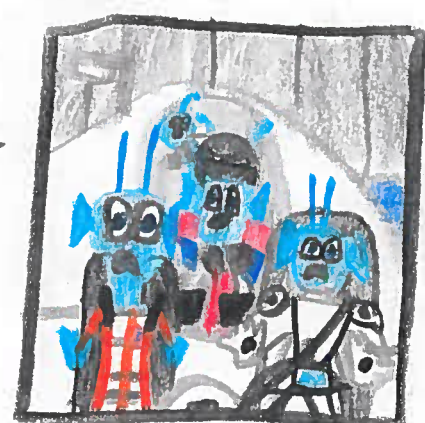

brother, George (Diedrich Bader) was practicing his big gravity step in the crater. He pulled up the

mission log on his shoulder and said, "Moron mission log, we searched all over for Marvin the Martian and the nerd lacks. They're never coming back and there's to be no sign like personality." Then Sam honked the horn and said, "Come on, buddy! It's time to go back." "Sam, my bro! I should never judge by the moron moon crater. So let's check out Marvin and the funny aliens returning home!" said George. "Okay. But since I was at mission control, I should probably drive," said Sam. "No, I'll drive!" said George.

George drove Sam up and down the Moron Mountains. As they're getting close, George drove higher and until the rover car falls off the cliff.

They looked surprised that Jimbo and Kubo screamed. Then they crashed on the ground. Sam turned around and asked, "Jimbo, what are you doing in the back?" "Oh, just want say 'Hi to Uncle George!'" Jimbo answered. "Well, no need to answer now!" Sam said. The Moron Airship flew over to the Theme Park space station. Jimbo spotted and said, "Oh look, Marvin and the aliens brought the humans home, let's go kick them out!"

All of the adults vacuumed out  
and landed back on the ground.  
Marvin on speaker phone announce  
"Greetings Earthlings! My friends  
like to make an announcement  
He handed the orange fella the  
microphone. He said, "You, all of  
you are welcome to your new  
home!" The pink fella interrupted,

"You are sent to a theme park in outer space, and  
we'll take care of your home in few hours."  
Marvin got the speakerphone back and said, "Thanks  
anyways! That's right! Mission... Accomplished!"  
Everybody cheered and went to the theme park.  
8 hours later, Stan, Bill, and Arielle went to  
their new home with suit cases. "Moron Ham  
Valley Village? What does that mean?" Arielle asked.  
I have no idea what does that mean," said Stan.  
but why don't we just go in. Uh, Arielle?"  
Arielle cried. "What's wrong, Arielle?" Bill asked.  
she answered in a tearful way, "I just missed my  
adorable children." "What children?" Bill asked.  
Remember, Russell, Charlie and Lilly?" Arielle cried.  
Marvin heard her crying, so he ran to the headquar  
to ask Mrs. Wasshammer (Danny DeVeto), "Hey, we  
rescued the humans on Earth, but we missed a couple  
of children." "Shut up! I meant, interesting! I like  
how you save the adults!" Mr. Wasshammer said.

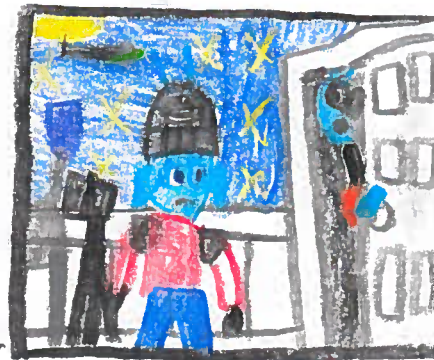

lockey, Jimbo saw and heard's what  
happened with Kuba. Mr. Swash  
said, "I smell something!" Suddenly  
he grabbed the door and continued  
"It's smells like a spy!" Back  
at Jimbo's house, Sam came home, and his wife  
Cindy came over and asked, "So Sam, how was mission  
control?" "It was pretty good, Cindy!" said Sam.  
Then came a bump, Sam opened, and there came  
Mr. Swashamer got Jimbo and Kuba. Sam asked  
"Jimbo, what are you doing..." Mr. Swashamer  
interrupted, "He just trespassed in Marvin's  
lab! Next time, he'll turn into slaves!" Cindy  
explained, "He's just a kid! We'll take care of  
this." "No, mom! That's not true! Can I explain  
to you?" Jimbo tried to talk. But Cindy got really mad and  
shouted, "Go to your room!" So he ran up  
the stairs to his room. Back at Marvin's lab,  
the blue fella came up and told him, "I tried  
to tell you sir, the kids are still from Earth,  
what if they can't come." "I know!" said Marvin,  
"but if I can't find some body to help us now,  
I'll make one!" He pressed the button  
to skype Dobby again. Marvin asked, "Dobby,  
the parent's children are in trouble now can  
you build a space ship to help escape the  
earth." "No, problem, sir!" said Dobby, "we'll go

space, the sun turns red and  
it's growing bigger and bigger.  
Meanwhile, Sam came to Jimbo's  
bedroom door. He knocked, but  
Jimbo didn't answer. He opened

and told him, "Look, being out in outer space  
is really dangerous for kids. Only grown ups  
should be out in there doing mission control like me."

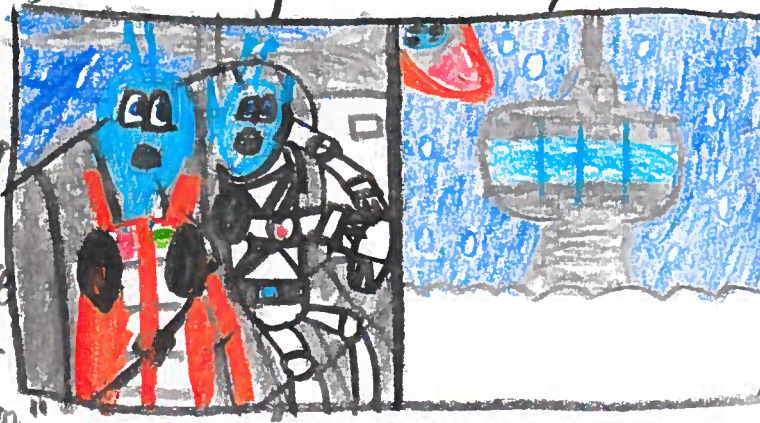

"But, dad, you don't understand, the  
children are in danger on Earth."  
Jimbo tried to explain. "Well, I'll  
help out," Sam said as he kept

losing the door, "by the way, Jimbo your  
room is surrounded." After he left Jimbo alone, Sam thought  
to himself. He went to George's room. George was  
up and asked, "Sam? What's going on?" "The children  
are in trouble!" said Sam. "We need to leave! Right  
now!" George closed the door for a second then he

opened back up and said, "So that's why I'm coming  
with you! I'll drive!" As George was driving through  
Theme Park space station, George asked, "So

Sam, what are we gonna  
do when we get to Earth,  
bro?" "Well George, once  
when we get to Earth, we're  
gonna tell the children that  
the sun is gonna explode soon."

they can't come." George murmurs. Well, well, well read them, "Sam said. "Are there any seat belts when fly?" George asked. "Well there is one thing," Sam yelled and panicked, "Life doesn't give you seat belts." Suddenly, the traffic light turned red, so they continued to stop. George said, "I'm so sorry. Like what you said, we'll wait until the light turns green, relax your seat belt, and we'll easily move out of here!" The traffic light turned green and they slowly drove away. When Sam and George arrived at the theme park space station,

Sam said, "George, we can't park here, it's a light zone!" "You don't have a park, if you want to be an astronaut," George said, "Come on!" As soon as they got out of a rover, George found Marvin's old rocket under the blanket. But Sam saw Mr. Swashhammer ask and said, "Ssshhh! There's a guard! How are we gonna get passed him, without getting caught?" George saw a cleaning shovel. It gave him an idea. He grabbed a cleaning shovel and placed it in front of him. Sam cried, "George, what are you doing?" George whispered, "Don't worry, he's still asleep as long as I make a baby step forward." When he got closer, George looked underneath and pulled out the blanket. Then George and Sam hopped on and pressed the "Go" button. The voice said, "Please remain seated at all time. Fasten your seat belt."

what they... then he stepped on the cleaning  
hover and the handle hit his face. Then Mr. Swast  
fell back a sleep. The voice continued to count down  
Ten seconds to lift off, 10, 9, 8, 7, 6, 5, 4, 3,  
1... Blast off!!! After the rocket bl  
off to outer space, Mr. Swasthammer wo  
up again and said, "Wow! I have a craz  
ream of turning the players into slave  
with new basket ball helmets... Hey, that gives

me an interesting idea! Meanwh  
back at Jimbo's room, Jimbo and Kubo  
tried to be patient to leave his  
room again. But his mother never  
came back. But then, he thought of  
an sneaky idea. Jimbo told Kubo, "Th  
t! We must speak out in outerspace!" Jimbo took  
out his school backpack from the closet, turn  
it into a rocket pack, take the fish and put it in the  
bath tub, and put on his helmet. He said to himself  
"I'm sorry, Mom! Gotta blast!" Jimbo and Kubo  
blasted off in outer space too. Meanwhile,  
Sam and George had almost made it to Earth.  
George shouted, "Hey Sam! I see Earth! We're  
almost there! If we found them, there will be  
no problem at all." "Yeah, but you may want  
to hang on," said Sam. "What do you mean?"  
George asked, "Because we're going in hot!!!" Sam  
yelled. The rocket came down like a meteor.

and Sam came down from the clouds, Sam  
said, "What is this place?" "I don't know, I  
never seen this place before," George shouted.  
"I remember running toward Chicago, once,  
I remember landing there!" "Chicago?" Sam thought.

"Yeah, but watch out!"  
George shouted. "Aaah!"  
George and Sam screamed  
as crashed through the  
electrical telephone wires.  
George and Sam got electrocuted.  
Up ahead, they saw the  
children at the amusement  
park. Sam said, "Look,

George, we found them. Then the wire attached a  
roller coaster car. Next, the wire also attached  
the ferris wheel. Sam shouted, "Holy, ship! How can  
it stop this thing?" Meanwhile, Jimbo and Kubo had  
landed on Earth. They splashed into the water and  
walked up to the beach. Jimbo asked Kubo, "Hey,  
Kubo, are you okay? Well that was a good swim.  
Now all that we need to do is find some help,  
come on!" At the NASA Headquarters,  
a lobby looked under a telescope and  
saw Jimbo and Kubo are walking  
along the beach. He said to himself,  
"What a relief! The aliens are back!"

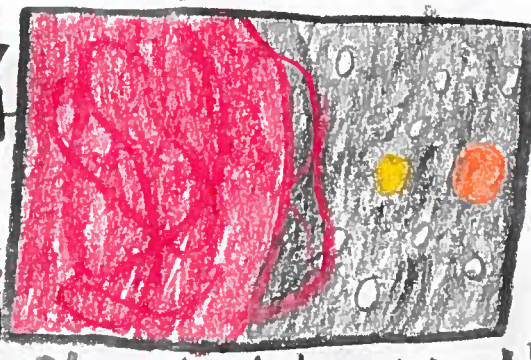

reach, Dobby was there. "Who do you think you  
Jimbo asked, "I'm Dobby, who do you think you  
night be?" "My name is Jimbo and this is my  
friend, Kubo," Jimbo introduced to himself, "Say, "Hell  
Uh, maybe later, but what are doing on Earth?"  
Asked Dobby. "Oh, I'm just here to find some  
missing children on Earth and we need some help  
Jimbo explained. "That's what I'm thinking of  
same thing," said Dobby, "Yeah, good idea! Now  
you would follow me. I'll show you a way

Back at Planet Moron Mountain,  
Marvin was on the news, speaking  
in the microphone, "Ladies and Gentl  
men, welcome to the Planet Mor  
Mountain NBA Dunks to End all Dunk  
Marvin the Martian here! Mr.  
Swasshammer is selling free  
Basketball helmets for every  
purchase!" At home, Cindy wa  
watching the news, when Marvin w  
announcing Mr. Swasshammer giving  
away free basketball helmets. Th  
Cindy said to herself, "Free Basketba  
helmets given by Mr. Swasshammer!  
30 seconds later, Cindy came over  
to Mr. Swasshammer and said, "So you're  
selling Basketball helmets, right?"  
"That's right, and here you go!" She  
refused it by saying, "I'm not here for that." She staked  
is remote in his pocket and continued, "Wait a minute,  
you're onto taking them into slaves, are you?"

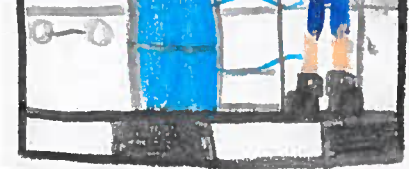

You're talking about: You have the remote in the pocket! You're treat them as prisoners, I say!  
It was you along and you made a whole mistake as an evil plan against Marvin!" Cindy shouted. "Oh, I know what I'm going to do with you, Inspector Libby!" Mr. Swashhammer said as he pressed the pink brain button on his remote "Libby?" Cindy thought. On top of the entrance head quarters, the red control tower controlled the people's brains by putting the basketball helmets over their heads. All the people became slaves saying, "All hail, Monstars!" "What's going on here?" asked Cindy. "Seize her, slaves!" Mr. Swashhammer controlled the slaves. "All hail, Monstars!" the slaves said as they seize her. "I gotta get out of here!" Cindy cried. She tried to leave the stadium, but it was too late. The slaves blocked the entrance. Cindy curled up behind the corner, naked, and shouted, "Help!" "Gwa hahaha! Who can stop me now? Just who?!" "Back in outer space, the red sun is getting close to Mercury and Venus. Meanwhile, Dobby, Jimbo and Kubo arrived at Charlotte North Carolina. Jimbo asked Dobby, "Holy cow! What is this place?" Dobby showed Kubo and Jimbo around. "This is the city of Charlotte, North Carolina! Now, I'll show you where to find..."

asked "What is it Kubo?"  
"Kay!" Dobby saw that Kubo  
and Jimbo ran off. He said,  
"Hey, what are you doing? Come  
back here!" But it was too late.  
Jimbo and Kubo sneaked inside

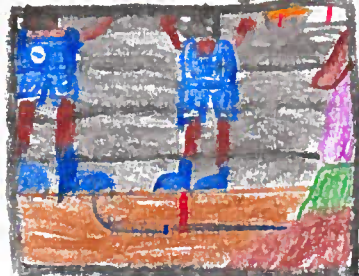

the apartment and inside a tent. He saw Russell  
and Charlie and Lilly watching the kids news, the  
children made up. Then Jimbo came inside and said  
"Hey kids, I came in hear and asking, 'What are  
you watching?'" The kids screamed and bumped  
in the back of Dobby. Dobby said, "I found you."  
"You can talk!" Russell cried and panicked. "I  
just not a talk monkey," said Dobby. "I'm Dobby and  
I'm just here to help. Who are you?" "I think my  
name is Russell and those are my friends, Charlie  
and Lilly," Russell said as he introduced to himself  
and Lilly. "What kind of blue aliens are those?" "Oh, I  
am Jimbo and that's Kubo," Jimbo introduced to  
himself too. "As what I asked, what are you  
watching, here?" "Oh, sshh, take a look on TV."  
Charlie said as he pointed to the screen. Jimbo, Kubo  
and Dobby are watch a news that kids made up.  
A girl showed up reporting on screen, "Good  
nothing, kids! Well, just the kids in America are  
reporting the good news about the grown ups are  
all gone... So that means no parents!"  
Russell and Charlie and Lilly cheered and showed  
to themselves, "No Parents! Wha hoo!!!"

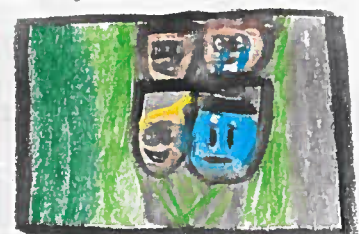

Dobby tried to tell Jimbo and Kubo  
 "Jimbo, wait! We're not suppose  
 to play here! We need to leave  
 now!" "What do you mean?" said

Jimbo, "Look around outside! I'm going to play  
 with them!" "No wait!" Dobby cried. But  
 it was too late. They went out and play.  
 A girl opened the refrigerator to feel the  
 cool. A boy walked up and down the  
 exelator. Another boy danced with all kinds  
 of clothes. A kid rode on a motorcycle  
 with a licence. A blonde girl swam in an  
 over flowed bathroom. A little boy jumped in  
 a pool of popcorn. Russell and Charlie went  
 to Dave and Busters to play video games.  
 When Jimbo and Kubo arrived at Dave and Busters,  
 Lilly asked "Welcome to Dave and Busters! Whomp's  
 cushion or Non whompy cushion?" "No matter what you  
 throwing," Jimbo said, "Excellent choice!" Lilly said as  
 hethrew a pie in her face. Outside, charlie raised  
 the underwear as a flag.

...t fun! Mean while back at Planet Marvin Mountain  
he next lucks raced downstairs. The green fella  
asked, "Who's going to tell the boss the bad news  
You tell him!" said the blue fella, "Tell him  
that?" The purple fella thought, "Tell him  
ou know we still need to find those  
issing children!" The blue fella said clearly  
he next lucks took a peek inside Marvin's  
eadquarters. The news came back on and Marvin  
s all tied up. He spoke, "I have some bad news!  
Mr. Swasshammer turned the people into basketball  
laves and a girl, Cindy and I are tied up together.  
f you want let us stop being the people inslav  
save those children, featuring the best players in  
he world!" Then Mr. Swasshammer put the  
ock back in his mouth and turned off the camera  
he pink fella said, "The best players in the world!"  
The best!" The purple fella said too. Later the  
ight, the slaves changed their clothes into Monstax  
basketball uniforms and start  
to warm up. Then the next  
hid inside a coat. They se  
down. The pink fella to them  
Hey, it's basketball! And there's our boss!" "Who  
is he?" The green fella asked. Suddenly a slave is  
ooking at them. He said quickly, "Close it up!" A slave  
ooked away. The blue fella said, "Dude, that was close,  
ow what?" "Is someone killing, let me see?" said the  
orange fella. The pink fella pointed to a slave player,  
arles Bakley, "That's him, the killer! He's big!" "He's  
ood!" said the blue fella. "He's mine!" said the orange fella

fella swelled inside Charles Barkley's body. Next  
 the green fella swelled inside Muggsy Bogues's  
 body. Thirdly, the purple fella swelled inside Patrick  
 Ewing's body. Fourthly, the blue fella swelled inside  
 Shawn Bradley's body. Then, the pink fella swelled  
 inside Larry Johnson's body. Finally, the nerdluck  
 came out with their talents and took the ball  
 away. The player slaves were not paying attention.  
 The purple fella said happily, "Wow! He did it!"  
 "I got it! I got his talents!" The orange fella  
 said, "Now we can go get help from Mr. LooneyTun  
 Back on Earth, all the kids are having  
 fun at Dave and Busters. Then, the kids

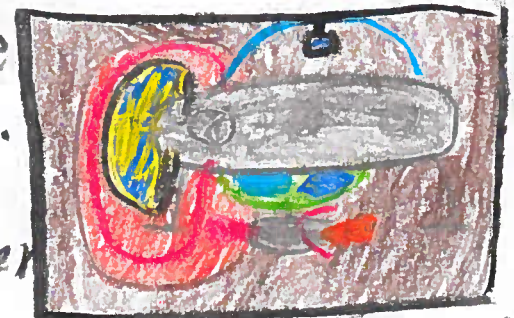

to an amusement park,  
 Carowinds. Jimbo and Kubo  
 Russell, Charlie, and  
 Lilly went on swing  
 ferris wheel, high ro

oasters, and even played mini golf. Dobby  
 wasn't having fun until he saw Jimbo is about  
 make a hole into Looney Tunes Land. He thought

to himself of an idea.  
 Dobby asked Jimbo, "Hey  
 h, can I take a turn?"  
 "Of course you may!"  
 Jimbo agreed "I'll go again after you!" The  
 Dobby stand in both feet made a big hit.

Finally the golf ball landed in a golf hole. Jimbo, Dobby, Lilly, Charlie, and Russell cheered toward Dobby. Lilly told Dobby, "Oh, nice hole in one, ye olde pick up the ball." "You betcha!" He said as he picked up the ball. Suddenly, the rope caught Dobby's hand and pulled him down the golf hole. Russell asked, "Where did he go?" Dobby fell down through the hole into the Warner Bros. Picture Palace and crashed onto Looney Tunes Land. When the plane came to a stop, he asked as he ate a carrot, "What's up doc?" "Bugs, thank gosh you're still here," said Dobby. "Dobby? What's he doing down here?" Daffy thought, "Is that Dobby?" Sylvester asked, "Would you care for an ebbiee autograph?" Porky asked, "Can I tell you what's happening?" Dobby tried to explain, "Looney Tunes Land will be destroyed!" "What do you mean?" Porky asked. Dobby explained some more, "You see the sun is growing too big and we must go to Planet Moron Mountain now!" "Oh no! Not again!" Sylvester said. Meanwhile, the Moron Airship landed on the golf course. "What was that?" The herdicks traveled underground saying, "Hanging on!" "Are you there yet?" The blue fella asked. They went as fast as they could until they cut through the Warner Bros. Picture Palace. Then they landed in Looney Tunesland.

peace!" The pink fella said as he pressed the flag on the purple fella's foot. "Kids, you've come to rescue us!" Said Dobby, happily. "But that's not what we're here for," said the green fella. "We were hammer put their parents in to basketball slaves," said the pink fella. "We need to defeat the purple fella or else we'll be turn into slaves too," the purple fella explained and panicked, "So what I'm trying to say is...

**WE NEED YOUR HHEEELLLLLLPPPP**

"Yeah, but where are the kids?" Dobby asked. Back up in the real world suddenly Jimbo cried and panicked, "Oh, oh! It's them!" "Like, let's get out of here! Lilly shouted and attacked. The kids headed to the entrance for safety, then, George and Sam headed straight toward the winds. Suddenly, Marvin's old rocket ship crashed into Windseeker and fell and exploded. What dust had disappeared. Sam and George was crossed.

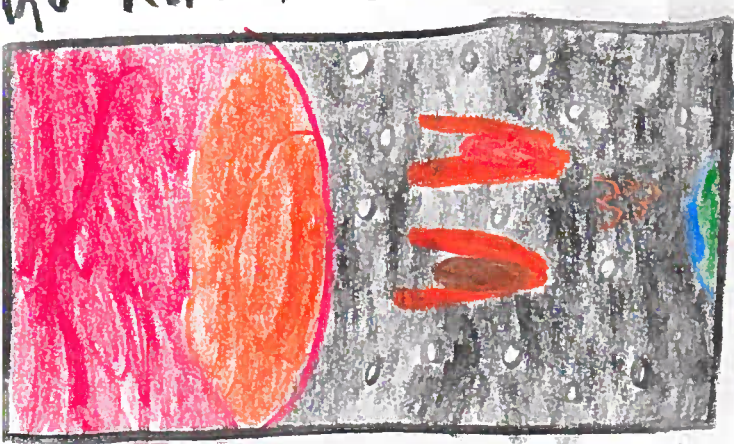

"Dad?" Jimbo thought. "Jimbo, what did I tell you about leaving the planet?"

"I told you and your mother told you that you're grounded for a month! Now you're returning with me!" "But, dad? Aren't you suppose to trust your son?" Jimbo tried to ask. But, Sam didn't listen to him and kept saying, "Ah, ah, ah! No buts! Listen to your father please. Right now!..." Suddenly, the Mars ship went back up to the top of the Earth.

Dobby ran out and yelled, "What in the world?!"

The sun is growing, Dobby explained, angrily. "What?" Sam said, angrily, "Jimbo let's go now!" Then, Jimbo thought to himself, quickly, and said, "No, wait!" "What? You don't want to go home?" Sam asked. "Not that, well I'm sorry that I got myself in trouble!" Jimbo tries to explain, "but when you trust your son, I thought you'll be proud of me!" "What on Earth are you talking about?" Sam asked. Jimbo explained some more, "Well, what I meant to say was I'm sorry and... I was trying to come here to save the children, please forgive my thoughts." Sam said to Jimbo, "Well even if leave our home planet, I'm just proud of how you help!" "You won't be grounded now!" "Thank's dad," said Jimbo in tears, "I love you!" "I love you too son, and Kubo!" Sam said as he hugged Jimbo and Kubo.

Suddenly, far in outer space the red sun hit Mercury and Venus. It broken apart into two meteor

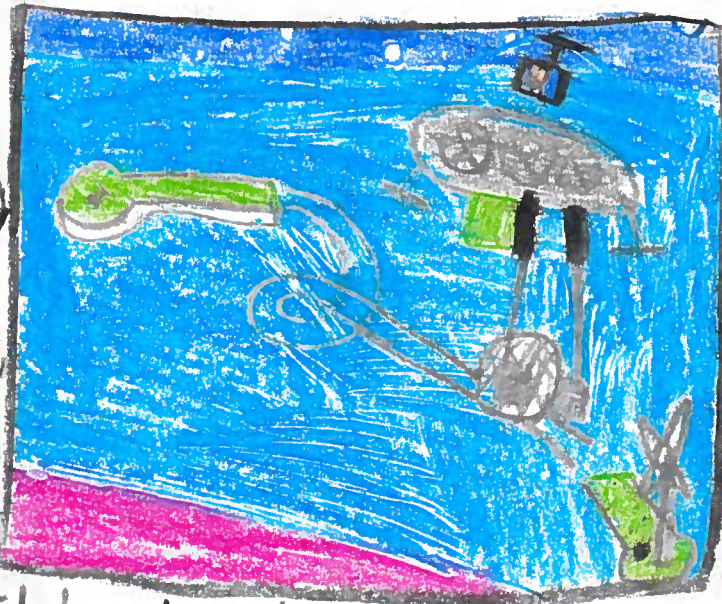

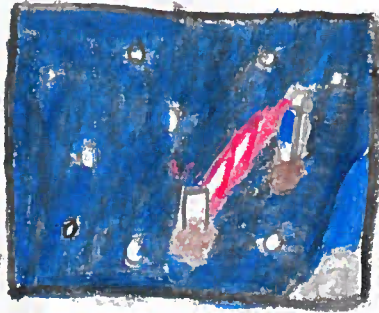

showers. Meanwhile, George came over and said to Sam, Jimbo and Kubo, "Come here! Give me a hug!" "Uncle George!" Jimbo said happily. "You see, it not the end of the world!" George continued.

What's happening!" "Meteor Shower!" Jimbo answered and panicked. "Well, yes it is!" Sam cried. The pink fella called out, "Quick, get inside." They all went inside the moron airship and blasted away. As the Moron Airship was escaping Earth, Dobby said to the kids on screen "Hang on, you kids! We're passing through the troposphere, stratosphere, Mesosphere, Thermosphere and now the Exosphere." "Can't I hold on much longer?" Charlie shouted. Dobby continued, "Engage booster, now!" The bottom rocket pack removed the booster. But the Moron Airship started to fall. All the kids are screaming. Until then, the new launch escape system blasted again and the kids in the Moron Airship escaped Earth. Until then, the red sun swallowed up the Earth. Lilly saw it and cried, "Oh no! My home is gone!" Lilly cried. Jimbo gave her a hug with Charlie. Jimbo explained to Lilly, "Lilly, it's okay! Because your on Earth, you'll be killed. But, look at the wonders of the Universe!" "It's incredible!" Lilly said happily. "You're right!" said Charlie, "I'd never been in outer space before!" "Yeah, but how many light years will Moron Mountain will take to get there?" "Not too soon," said Dobby on screen, "But you may wanta target!"

une wormhole, Charlie asked, "Are we there yet?"  
Not yet!" Jimbo answered. The Moron Airship traveled  
even faster, until it went through the Warner  
Animation Group picture.  
Once the Moron Airship  
came out, up ahead they  
saw a traffic light. So they  
stopped for a while as the  
milk follows the chocolate  
chip, marshmallow cookie. Then  
they speed up to the Theme  
Park entrance. Right above  
Planet Moron Mountain, Dobby  
saw the golf galaxy. He said  
to himself, "Engage golf ball  
wheel, now!" The moron airship landed on the Tee  
up. Then, the tee cup tilted the golf ball wheel  
so that it will roll the Moron Airship through  
the pin ball track. When the Moron Airship approached  
the windmill, it swirled around the funnel.  
The Moron Airship started to fall down and then  
crashed into a basketball court. The inflatable  
strange slide rolled down. The kids  
cried, happily, as they slid down, "Oh  
wweeee!!!"  
"Russell asked,  
"O, what is this place?" "It's Planet  
Moron Mountain!" Dobby answered.

"Basketball court, it is! The green fella said. "Have you ever played Basketball before?" Jimbo asked. "Yes I did, Jimbo!" Russell answered.

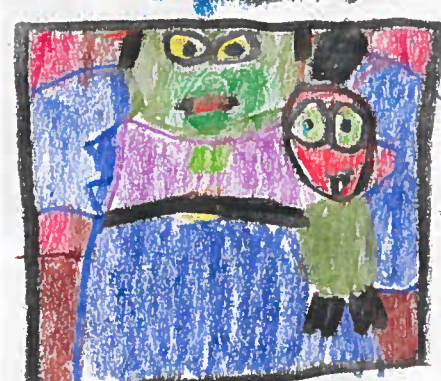

"If you love basketball, do you think you can dunk on the slaves?" Dobby asked. "Not really," said Russell. Then, George came up and said excitedly, "Well, if you want to defeat them in order for the slaves to become free, let's give it a practice shot!" First, Russell tries to make a shot, but the ball went under the basket. He said, "I'm not tall enough. Sam, do you want to try it out?" "Well, okay!" Sam said as he tried his shot, but it bounced back. "Aw man, my arms isn't long enough so were my feet!" Sam groaned, "Dang, I can't compete them." "But they're a super talented human!" Charlie said. "Relax!" George cried. Bugs thought to himself and he had a better idea. Bugs ran out. Porky asked, "Wait, where are you going?" "35 seconds later, Bugs came back in a food truck and announced, "Everybody, get your fat Superfly with Flight speed!" Russell putted on his Superfly 4. Bugs continued, "What are you going to do doc?" "I want to dunk from the foul line, Bugs!" said

Russell ran as fast as he could until the  
superfly 4 launched him in  
outer space. His superfly 4  
landed on the asteroid. He  
came down like a meteor  
and made a smash dunk.

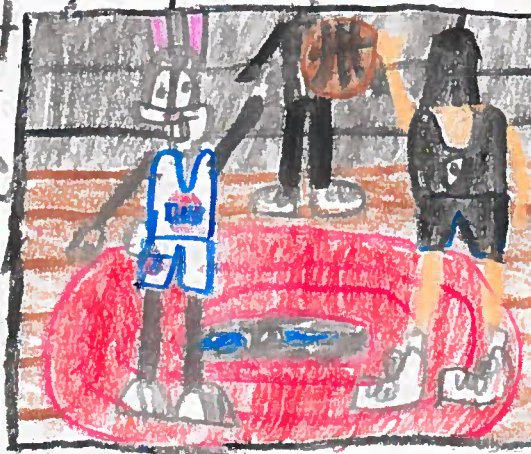

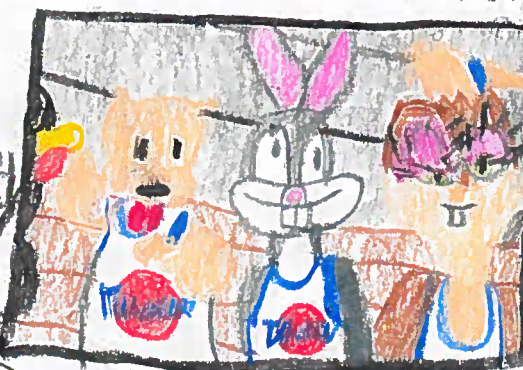

The kids cheered  
Laffy said, "Wow, I want to try those

Okay, we got the kids, us, and... who else

Uh, I want to try out!" Said Lola, "Can the  
Looney Tunes join in?" "Well, at right!" Sam said.  
But you fellas, do you want to be on your  
team?" "I don't know." Said the pink fella,  
But we'll go later." "Uh, I'll take that  
as a maybe!" Said Sam. "But we need

the kids and allen Tune Squad!" George said immediately.  
Ahem... Tune Squad!" Bugs said, immediately. "Ahem...

Later that night all the slaves and aliens were running late to the basket ball game inside the locker room. The kids, Looney Tunes, Jimbo, Kubo Sam, George, and Dobby changed themselves into Kids and Allen Tune Squad Jerseys. Dobby asked, "Ready?" "Yeah!" Everyone said. "Alright, lets go!" said Dobby. Inside the stadium, Mr. Swashammer was in the head quarters with Marvin and Cindy tied up. He announced, "Ladies and Gentlemen! The starting light challengers from a coming game, all the way from Earth that is brought from Marvin the Maktian, The Monstar Slaves!" The lunar Nerdluck cheered "Go Monstar slaves! Go! Go!" "And now, please welcome the next starting light of five..." Mr. Swashammer continued. But, then, Daffy Duck ran up, shouting, "Thank you! Thank you!" "Daffy Duck?" Mr. Swashammer thought, "Is he a..."

but he missed it. Bugs got

But Daffy told Porky, "Hey, He come on! Get back in defence." In the second round, Bug called out "Lola! Lola!" Lola caught the ball

"Nice shot!" Bugs said, "Thanks, Bugs!" Lola replied. In the third round, Porky jumped as high as he could, over Arielle, until he scored six points. Russell said, happily, "Yes!" "But what if we win?" Asks Mr. Swasshammer. "If you win, you tell me!" Russell said. Bugs tried to talk Russell. "Uh, Doc, do you think that's a good idea..?" But Russell covered Bug's mouth. Mr. Swasshammer

a path customer and you will always  
lose forever! Do we have a deal?" The kids  
tried to tell Russell to not  
agree with Mr. Swasshammer  
but it was too late. Russell  
said "Deal!" Mr. Swasshammer  
squeezed his hand hard for a  
shake. Dobby told Russell,  
"don't think you should've done that, kid."  
"It's alright, Dobby," said Russell. Then  
Mr. Swasshammer heard of what Dobby  
tried to reason with him. He controlled  
no slaves and said, "Crush them, slaves!"  
In the second quarter, Porky tried  
to make a shot, but Bill smashed

I don't want to go to school today! I want  
to stay home and bake cookies with you!" Daffy  
angled Diamond's body. Then Stan was about  
to smush Lola, Bugs pushed her to save her  
life, and Stan crushed him. As she got up, Lola  
saw Bugs turned to be smushed. She asked, "Bugs,  
are you okay?" "Me? Oh, yeah, I'm fine," Bugs  
replied, "Are you okay?" "Oh, Bugs, Thank you!"

"Whoa, whoa, whoa, take it easy, bro" said George. While George was making a speech, Bugs filled a bottle of water, and labeled "O'Hare's Secret Stuff." George continued to finish his speech, "And what do you say? Are you with me or not?" Russell gasp, "Are you finished? Uh, great speech in all, George, you sounded like a general!" "But a general needs a captain to join the civil war! We have to confirm! Bugs announced as he pulled down the American flag and dressed as a captain soldier, "Alright Troops! It is for us to choose a battlefield that affords us to stop the spread of slavery! You haven't got rid of it, but, uh, are you forgetting something?" "What?" Charlie asked. Well, let's go, go, go!!" said George. When halftime  
was over, Mr. Swashammer announced, "Hello, and

Then Dobby looked at the score board and saw that there's ten minutes until the game is over. Dobby said, "Time out!" The time reminder buzzed. Bugs replied, "Ten seconds to go? Thanks for telling me, doc!" "Brook, look, look, we're doing well!" Jimbo said happily. "Yeah, but what if we score a tie?" Sam thought, "And what if... The monstar slaves won?" "Well then, don't lose that confidence, okay, bro?" George cheered Sam. "Hey guys, listen to Russell!" Lilly yelled out. The kids and alien tune squad came up together to listen to Russell. an idea. She said, "Wait, maybe he wants to play

a metal bar and begged, "Good, boy! Do you want

I am going to be a hero to save this new planet! Duck dodgers to the rescue!" Daffy got the idea. So he blasted out to use his cape to protect himself from getting hurt, also. In

the dug out, the nerd ducks saw Bugs and Daffy were fighting against Mr. Swasshammer and a giant ACME robot guard dog.

The green fella cried, "Uh, Mr. Bunny and his duck are in trouble." "We better help!" the pink fella cried. "Yeah, if the dog scares people, we should scare them!" the blue fella said an idea. "Smart idea!" the purple fella said. The nerd ducks unzip the bag, touched their heads, and transform themselves into Mon Stars. The giant ACME robot guard dog felt scared. Mr. Swasshammer screamed, "Aaahhhh!! Get away!" They tried to run away but they crashed into a barrels of Extra Sticky Glue.

got up and said, angrily, "That's it! Party is over

had an idea when saw the googly eye balls.

Dobby also saw the portable holes and read  
caution: Portable Holes placed on the ground  
will lead to a basket ball prisoned dungen. Do  
not Enter! So Dobby made a sneaky plan.

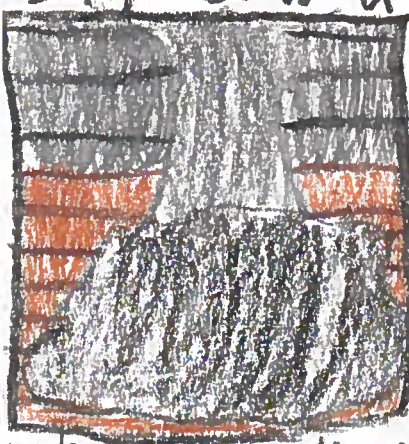

Near white, Mr. Swasshammer shouted, "Well  
prepare to die because this is the end of the  
universe!" "Not today, Mr. Swasshammer!" Dobby

said as he knocked down the boxes of googly  
eye balls. Mr. Swasshammer and the AC  
giant robot guard dog slipped and danced

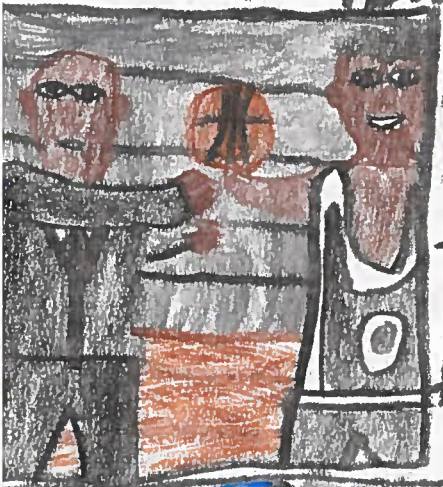

on the googly eye balls. Then they fell in the  
portable hole, all the way to the basket ball  
prisoned dungen, and they crashed. On top

Bugs saw a self-destruct button. "Hmmm, I wonder  
what does this button does?" Bugs saw  
as he pressed the button and tossed

to the portable hole, "Oh, uh,  
Doc! You forgot your ball!" In the  
basket ball prisoned dungen, Mr. Swasshammer  
got the ball and gasp, "Uh oh!" Suddenly, the portabl

"Whoa whoa whoa! I know who saved our planet is Dobby!" Michael said as he came over. "What?" Daffy and Bugs thought. "Dobby, thank you for saving the people on Earth!" Michael said as a complement. "No problem!" Dobby said. "There's one last favor for you! You gotta give my friends their talents back!" Michael said. "Do we have to?" The orange big fellow asked. "Yeah, part of a deal, touch the ball!" Michael told them. The monsters touched the ball to transform themselves back into Nerdlocks again. When the Nerdlocks came out of their uniforms, the purple fellow said "That was so much fun!" "I fells so awesome!" the green fellow said. "My clothes don't fit!" the orange fellow said. "What a trip!" the pink fellow said. Marvin walked up and said "Boys, I'm so proud of you saving the adults and kids." "Yeah, I'm up for another one!" said the blue fellow. Next Michael walked up to the NBA players, he said, "Hey yall! I thought I would rather have your game back!" "What?" Patrick asked. Michael picked up the ball. "Wow!

Michael continued "The rest of you guys!" so they all touched the ball and they got their talents back. So Larry got the ball and said, "He caught it!" Next, Larry passed it to Shawn and he scored a shot. As Diamond and Russell are walking home, Diamond tried to tell Russell, "You're so good at basket ball! Plus, I think you should play another time." "I like to, but there is an opportunity to stop. That's the way it supposed to be." Russell said. "Are you sure?" Diamond asked. "Yes! Definatly sure!" Russell replied as he walked away. But Lily tried to ask, "But, wait! Russell what about our home? Where should we live now!" The next morning, the construction workers

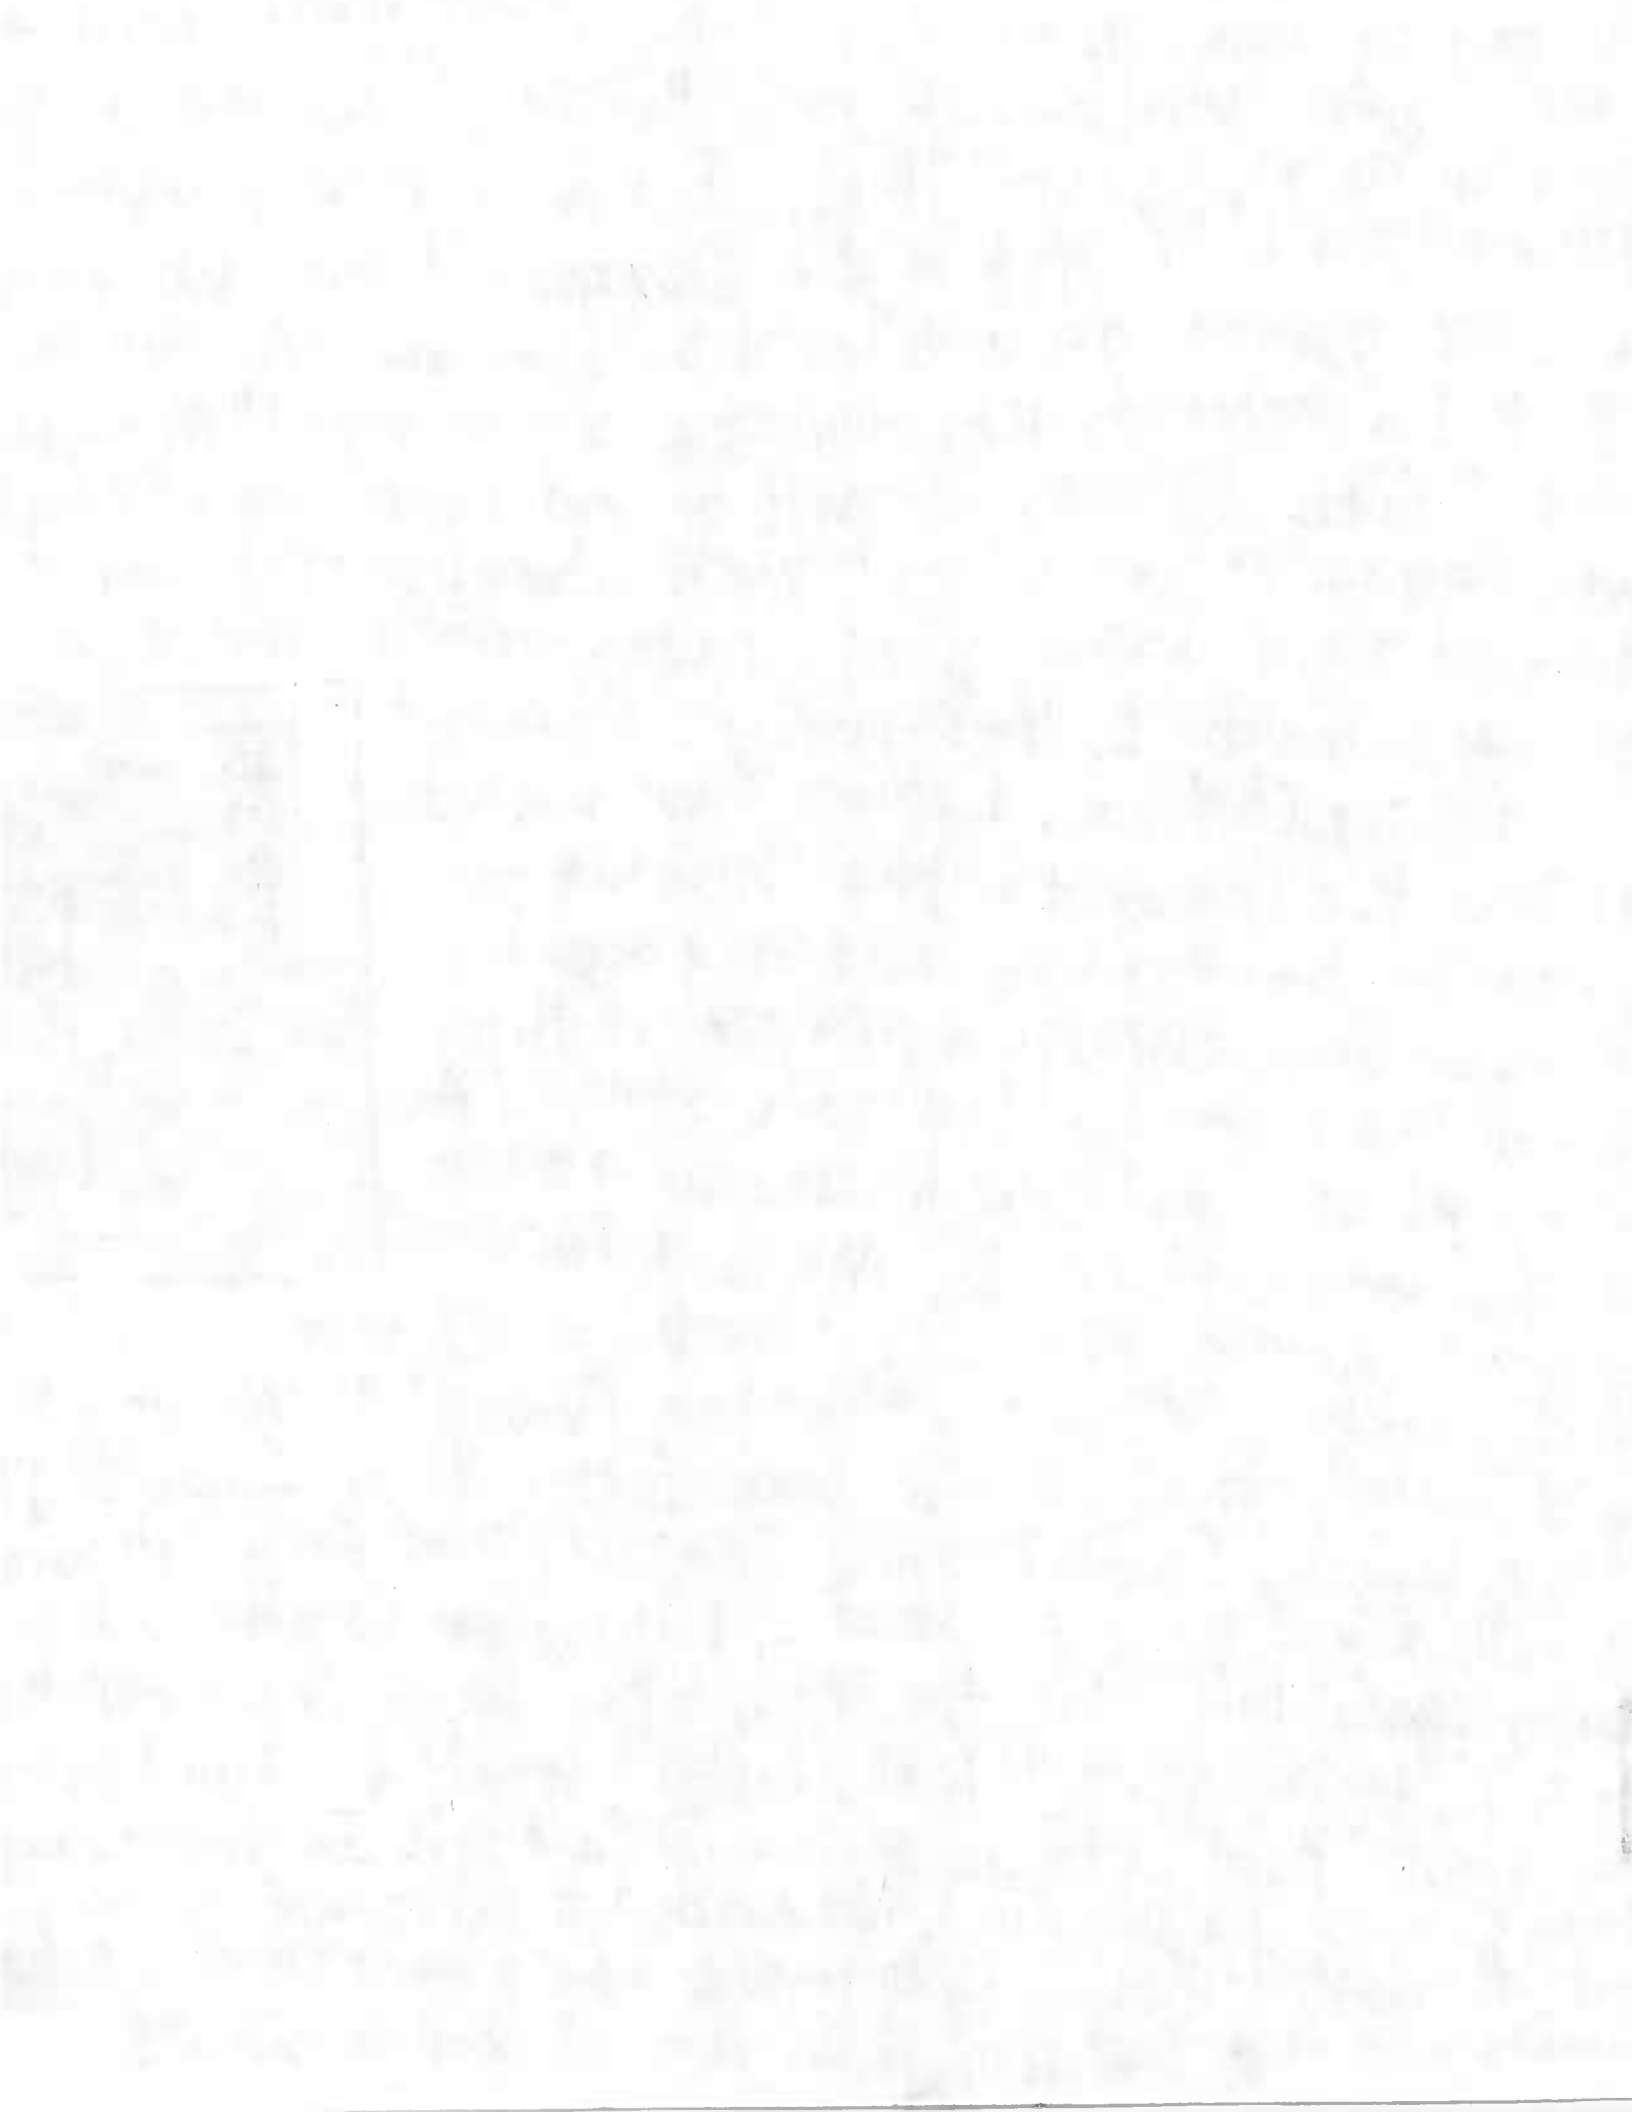

spent all day and all night building their home and a brand new theme park. In front of the new town and theme park, Marvin made an announcement on a microphone "Ladies and gentlemen, and children of all ages! Welcome to your new home! Plus, look at what we found waiting for us, a grand opening of Happy Human World! Where humans gets happiness and joy forever!" Every body applode and their

But we need a best owner of a basket ball team!" Arielle said. "But I'm retired, uh, twenty years ago!" Michael said. "Yeah, but there will be no more basket ball this season!" said Stan. "We'll always find out." Michael said. Five years later, Arielle made an announcement "Ladies and gentlemen! including children, Looney Tunes, and aliens! Welcome to the Charlotte Hornets basket ball tournament. Introducing our new player of the Charlotte Hornets, Diamond Stone! And now please welcome back our owner of Charlotte Hornets, Michael Jordan!" Everyone cheered. When Lily, Charlie, and Russell, sat down Charlie asked, "What's a matter, Russell?" "Nothing," said Russell, "that could've been better than I am!" "I Kay let's be friends!" said Charlie. "Best friends!" said Russell. Right next to Charlie, Lilly gave Charlie a kiss. Above them, Bill said to Stan, "You know, it's over, we won't play no more!" "Yeah, but it would be fun to cheer." Stan said. "Yup! Let's go Hornets!" said Bill. In the dugout Michael said to Diamond, "Now go out there and make your shot! Ready?" "Yes!" said Diamond. The time reminder buzzed and Diamond got the ball and then he scored a shot!
