The general said, "Mmm... I know what you're thinking.  
Looks like we got a duty. Soldiers, go after that

jet. The general said to the soldier on the jet,  
"Just two meters away, be careful up there."  
There was a spaceship speeding up. Inside  
there's a boy genius kid, named Jimmy Newt.  
He has two friends as boys, name, Sheena  
and Carl. He also has two friends as girls,

ly and Libby. The

en they left earth, suddenly, the soldiers  
id, "in gage fire now!" They fired the  
space ship. The spaceship started to break.  
Oh no!" Jimmy said. "Now?" Carl asked as  
threw his lunch box. Then it landed back  
Cindy. She said furiously, "Nentron! How  
bout having Carl's Orange Juice for lunch?"  
en Jimmy realize and said, "Come on, think!"  
rough his eardrum, and inside his brain,

Cindy!" Jimmy said as he took a sip, "But were not home yet, were gonna have to pass the radiation belt. In fact

Cindy, how about that, instead of bragging, why don't you thank me for coming along." "Why you for me kicking your butt off!" Cindy said. "What is your problem, Cindy?" Jimmy asked. "I had no problem, what's your problem?" Cindy asked furiously. "Oh, do you want a fist?" Jimmy said as he arm wrestle with Cindy. As they pass through the radiation the radiation struck the orange juice inside to make him look more superpower and transform his superpower to his friends. superpower turns Jimmy from nice to evil, made his skin turn orange and his hair green. niceness turns everybody nice. When the gets closer, the soldier said, "I'm almost there, Now!" The soldier fired the last la. It came to the radiation belt. The radiation shocked back to the jet and it fell back to earth. The radiation shocked the space and it ran out of fuel and it fell

ward earth. Libby asked, "What's happening?"  
e passed through the radiation belt, we're  
ading back to earth! Hold on everyone!" Jimmy  
d with a sudden, "Can we stop at my house?"  
don't know," said Sheen, "But watch out for the

sign. Jimmy tried to engage the parachute,

the space ship. "Wow! Cindy! The rays

ant hold on all day!" Cindy said as she threw

cross a virus," Sheen said as he zooms "But I

"Wait a minute, where's Libby?"  
Cindy asked. "Hey, girlfriend! I'm  
right behind you!" Libby said as  
she vanished back to herself. Jimmy  
and Cindy felt shocked. Libby continued,  
"Hey, I was invisible. Cool!" "Boy, I felt so deli-

team with 2 girls! And where's our costume?" "Oh I

will stop us now!" on the other side, there was

all scientist, Professor Calamitous. He spotted  
Jimmy's orange juice. He read out loud (below),

## WARNING!

1. Drink orange juice, while passing through the Van Patten Radiation belt can cause the main character to turn him to orange skin and green hair. It can cause him to turn evil. When you get angry you can turn yourself to an hulk. It passes his niceness to the super friends.

2. To help the temperature slowly boil over and to create your good form again, use the heavy seltzer to absorb radiation to make his niceness come back.

Look's like I have you now, evil Jimmy!" Professor Calamitous said with his evil laugh, "Now I'll go in Jimmy's lab, create a heavy seltzer and destroy his evilness, rather than destroying Jimmy Neutron."  
Meanwhile, the jet had crash landed too. When the pilot came out, he saw Jimmy and his friends running to Jimmy's lab to get their costumes. He spoke on the radio, "Redler, redler, call the general! Repeat, the general!" Back at the Colorado Tracking Station, the general announced, immediately, "Gentlemen, bring me tank vacuum." One of the soldiers pressed the button to

"Who am I? I'm your worst nightmare" whispered Jimmy, "N team, assemble!" So the team, (Invisible Sister), Libby, (Vibrating Lad), Sh (Burp Boy), Carl, and (Special Girl) Cindy came over to help. Cindy realized and said to Jimmy "By the way Neutron, I heard you come up with N team." "N for Neutron from teams bringy leader, Jimmy said. "And your name is Oompa Loompa coppa squad and watch how real superheroes get done," Cindy said as she punched Jimmy all the way to the park of Oranges. "Hold it right there recycling man!" said Cindy as she th

dash to the taco hat restaurant sign.  
Only the taco hat sign began to fall. But Carl  
kicked the taco hat sign away. Sam shouted and  
screamed, "The town has been invaded by those  
guys! I'm outa here!" Sheen came back and said,  
"What did I miss?" Then Jimmy came up and said,  
"Guys gotta learn how to control your powers  
who could control your power Orange and green  
fella?" Cindy asked. "You better quit mocking  
or regret it." Jimmy said, immediately. "What are  
you going to do, stink me?" Cindy joked. "Come on  
guys! I got a hang of this now! Jimmy gotten  
prier. So Cindy tried to use her power to get  
the cat down from the telephone pole by shaking it.  
The cat flew off. "You'll get a hang of it!"  
Jimmy told Cindy. Next, Sheen saw later everywhere  
Sheen zoomed around and around, making a  
racket. Jimmy came up and told him, "Sheen,  
you gotta learn better control!" "Right after I  
get a drink!" Sheen said as he zoomed for a  
drink. Next, as the man crossed the street,  
the man bumped into Libby, invisibly. When she  
came visible again, the man got scared and  
ran away. Suddenly, the truck was  
moving toward Libby. But then, Carl burped the  
truck to save her and the truck crashes.  
a truck came a sheet zoomed back he said

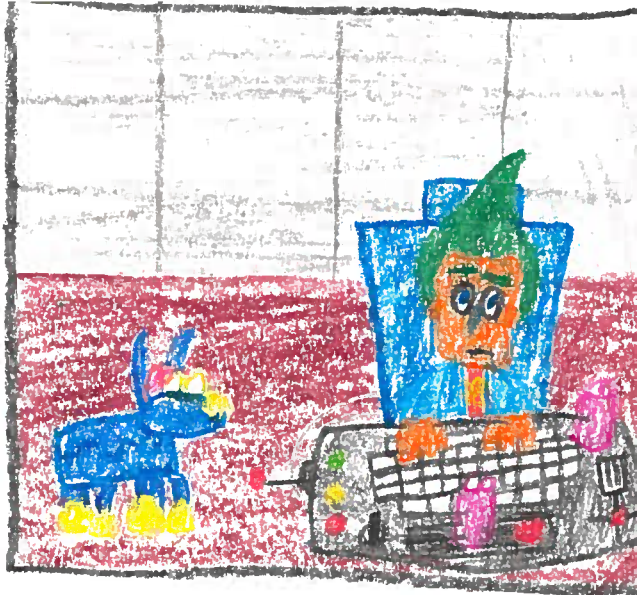

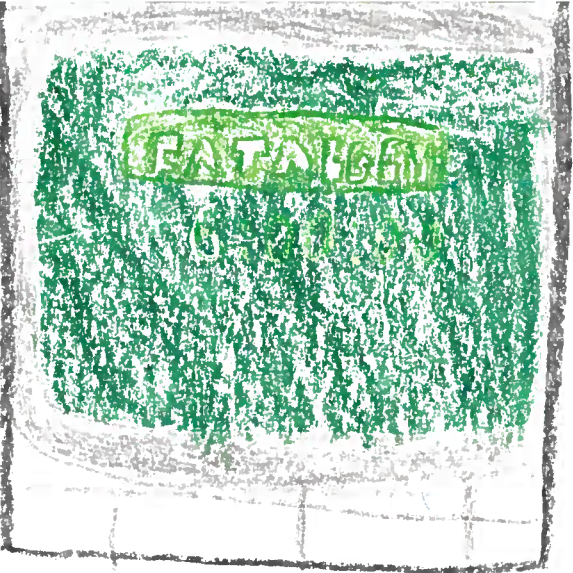

"Aw man, I'm  
all the fun!" Then  
Jimmy came up and  
told everybody, "Gu  
you're doing harm to  
good! We gotta  
schedule the prac  
sessions." "Listen w

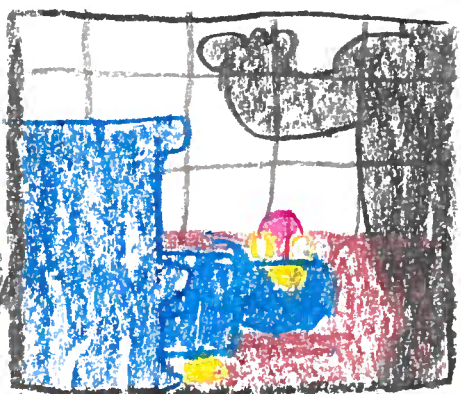

of Orange, I have enough of this we bus.  
And do you know what your power is? Supe  
irritation!" Cindy mocked Jimmy. Jimmy  
"You're mocking me, aren't you?" "Nah, oh na  
not!" Cindy joked, "Look out for the army!"  
Jimmy asked. Cindy fell down, laughing. Carl as  
"Is that really Jimmy?" "I have no clue." She  
thought. Jimmy got even more angrier. He yell  
back, "Warning you for the last time, fortex!  
lying on me!" Cindy continued, "That doesn't,  
gotta enjoy this..." Suddenly, the tank vac  
Cindy in a bubble. She cried, "Jimmy help!" Then  
general came over on a helicopter. He spoke  
loud speaker, "Heh Heh Heh! Gotcha! Stand dov  
kids! In which you say the N team!" Sheen correct  
general, "Actually, we prefer the fantastic leag

Sheen continued, "The N team and two girls!" Libb

general, what are think you're doing?" Jimmy  
ed furiously. The general spoke in a loud speaker,  
"We're taking those dangerous mutants to the  
our facility for the rest of the freak their  
s!" "And you'll have to take me too!" Said  
Jimmy. The general laughed and his friends  
ughed too. Jimmy became more angry. The  
general continued, "Ha ha ha! Yeah that's a  
good one. I thought you're bad too, but you're  
against them now. Maybe, you should head back  
your lab to learn what's inside you superpower,  
you little pocket pants fella! All right, let's get  
move on!" As the tank drove away, Jimmy cried,  
"I won't let you keep look up, you guys! I'll  
figure out a way to free you! I promise!" But  
was too late. The helicopter took his friends in  
bubble away. Jimmy felt lonely. He said to  
self, "Gee, I guess the general is right. I'm now  
missing I'm against them. Wait a minute! The  
general said, If I figure out the ingredient of  
superpower antidote inside my gene, then it  
will help save my friends! Hmm, I don't have  
power to fly back to the lab, but how?" Jimmy  
saw a rocket near the toy store. It gave him  
an idea. So he blasted back to the lab. As soon as  
Professor Calamitous came back out with two  
sops of ice cream, he thought to himself  
and said, "Aahh! If I sneak into Jimmy Neutron's  
I'll find some help to turn his evilness into niceness

As soon as Jimmy landed back at his lab in his back yard, Jimmy's mom thought that he's home. She asked, "Ooh, Jimmy is that you dear?"

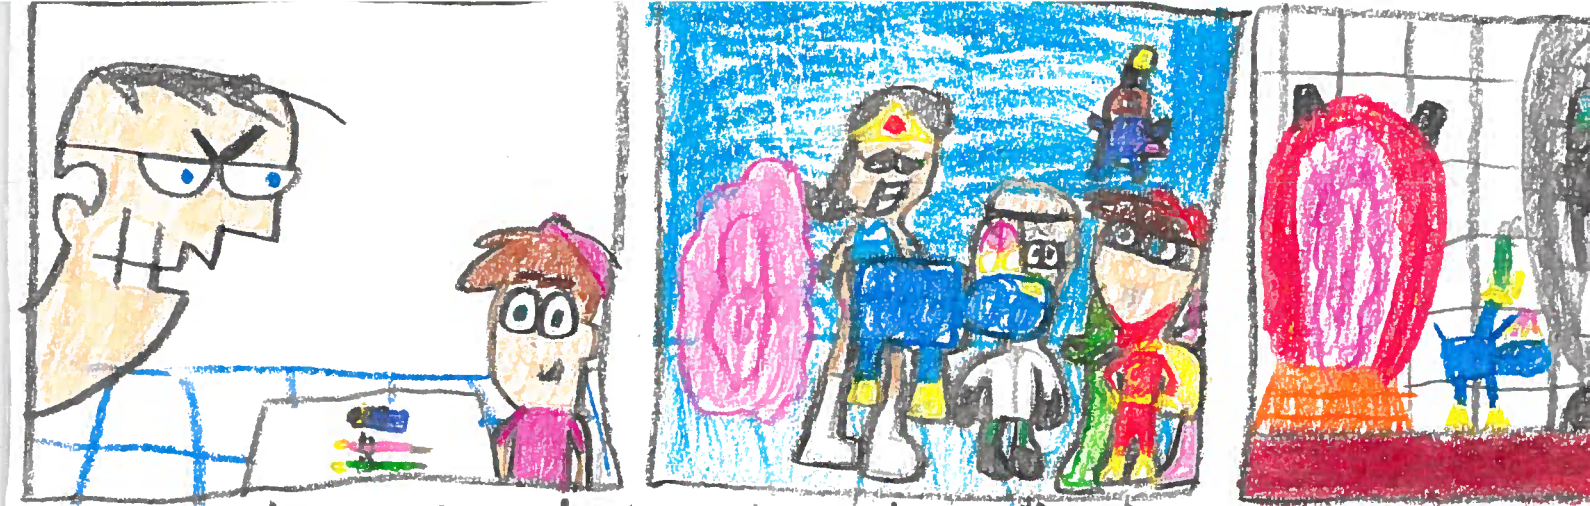

Jimmy replied, "Yeah mom, I'll be here in a second!"

Jimmy pulled out a piece of hair and scanned it. The computer lady voice said, "Gene match confirmed! Welcome home, Jimmy!" Jimmy told her, "Superhero costume, restore the superhero costume, as the superhero costume get vacuumed." The computer lady voice said, "Enter main code to enter!" After Jimmy hopped in, Jimmy said, "Thank you, computer lady!" "You're welcome!" the computer lady voice, "Is everything okay, Jimmy?"  
Meanwhile, later that night, back at the Military Installation, the general said, "Welcome to Area 51, the most secure facility in the country! Are you get any idea about escaping! That dome is so bombproof!" So the soldier tested out by shoot at the glass. But, it didn't break. The general

g time!" As the door closed with soldier guarding,  
by said, "Jimmy was right. We got ourselves locked  
because we never learned to control our powers."  
Cindy came up with an idea. She said, "And maybe  
time to start learning. Who's up for a little  
power practice? And I wonder why Jimmy is taking so  
311 Mean while, back at his lab, in three hours later,  
Jimmy was reasearching the ingredient from the  
power antidote. Then, his robot dog, Goddard came  
and barked. Jimmy explained, "I know Goddard, but I'm  
sing one last ingredient for my super power antidote,  
ant stop working. If only this mutant gene wasn't so  
d to crack. Maybe if I summerize my skin.  
Jimmy typed in the last ingredient in a shortcut. Then  
fatal gene is counting down in six hours. Jimmy  
at in a panic, "Oh no! It can't be! The powers are  
ing up retallizims! The life forces will drain  
Six hours?! It gotta work faster!" When Jimmy's  
fell down into a soda can, ~~the~~ soda can spilled  
the keyboard, glitching the screen to make the time  
ve faster to 20 seconds. Jimmy became so angry.  
o, no, no! Now I'll never find a gene in time! Why  
don't even care! All that I did is mock me, especially  
dy! She makes me so angry!" Jimmy shouted  
himself as he threw a pair of benoculars. "Bark  
k! Bark!" Godard barked as he hid behind a barrel  
ing scared. Jimmy continued angrily, "If only I  
e cool super power too! I make her pay! I make them  
dave! What the heck... the me? Goddard... with me!!

Jimmy became a lot angrier. His blue eyes turned green eyes. His muscles grew stronger. He ripped his clothes and lab coat. His voice gone deep. He turned himself into an incredible hulk. When he pushed the door out of the lab, Jimmy said to himself, "Jimmy did get my superpower! I'm Jimmy's Strong! Now, Jimmy's gonna smash." After Jimmy ran away, in his lab, Goddard was sad. Suddenly, Professor Calamitous came down in the lab. Goddard barked. Professor Calamitous explained to Goddard, "It's alright! I change! I'm not here to destroy Jimmy Neutron. Look, I'm here to destroy his evil superpower, by using this." Professor Calamitous showed Goddard the warning instructions. Goddard barked and said, "You do? You can help?" Said Professor Calamitous, "Brilliant, let's find a way to crush him first, then we'll invent the heavy seltzer, okay?" So Professor Calamitous picked out two remotes: the shrink ray, and a quadrant replay 9,000. Finally, they finished working on the heavy seltzer. But Professor Calamitous needs something big to crush Jimmy. He said, "We need something big to crush Jimmy!"

oddard spotted the Nickelodeon Channel teleporter,  
barked. "Oh Gardard, great idea! We can get  
to make you grow gigantic to crush Jimmy  
utron! Come on!" So they went through the  
teleporter. On the other Nickelodeon Channel world,  
Dimmsdale elementary school, there was  
average kid named Timmy Turner. Then,  
Timmy's teacher, Mr. Crocker said to his class,  
"Well, future failures of America, I hope  
you're all prepared for a big science fair, this  
time is, transportation!" Every class presented  
their science fair projects. But Timmy hadn't decided  
on his project, why?  
"Why hadn't I decided on my project, why?"  
Timmy panicked. Then Timmy's fairly oddparents  
appeared with Cosmo and Wanda with a baby, poof.  
Wanda said, "You got to get better than this."  
"Right," Timmy said. "Hey you're not ready  
yet, huh, Turner?" Mr. Crocker cried, "The only help  
from the fairly oddparents!" "Oh, look at  
me in a chair!" Timmy pointed out. So Mr. Crocker  
went to the corner. "Can you take me back to  
my room?" Timmy asked. "Okay, but if you use  
the auto poofers, it will poof you back to  
my room!" Wanda told Timmy. "Cool, I wish  
I was back at my room to finish my science  
project." Timmy poofed back to his room.
