Jelly fishing is all about catching jellyfishes." "I
thought we're doing a good job." Patrick said. "He
where did all the jellyfish go?" He said. "What's
noise?" Suddenly, whoosh! "Hang on, you guys!"
SpongeBob yelled. They floated on top of the jelly
up high. Patrick shouts, "Look, it's a tiny B

mediately. "Phew, looks like the worst is over!" George Bob said. Then SpongeBob grabbed his eyeballs and they fell into Goolagon, and y pointed at the sign and shouts, "It's Goo goon!" SpongeBob pass Squidward and said, "Hi Squidward! Pardon me!" "Patrick! Look out!" Sandy yuts. SpongeBob and Patrick hit two changing booths and come out in bikinis. "Ya'll look ridiculous." Said Sandy. As they came back out of two changing booths, SpongeBob said to Jack, "Everyone way back there?" Suddenly, the Jellyfishes lift em higher into the air again. SpongeBob said sorry, "Wow, we're in one huge herd of Jellyfish." "Oh, it's like they're running from something or something something." Patrick thought. SpongeBob saw the big truck picking them up. He said, "Look! They're trying to get away from that truck!" Said SpongeBob. "It's sucking them!" "We gotta help em." "Well boys lets get

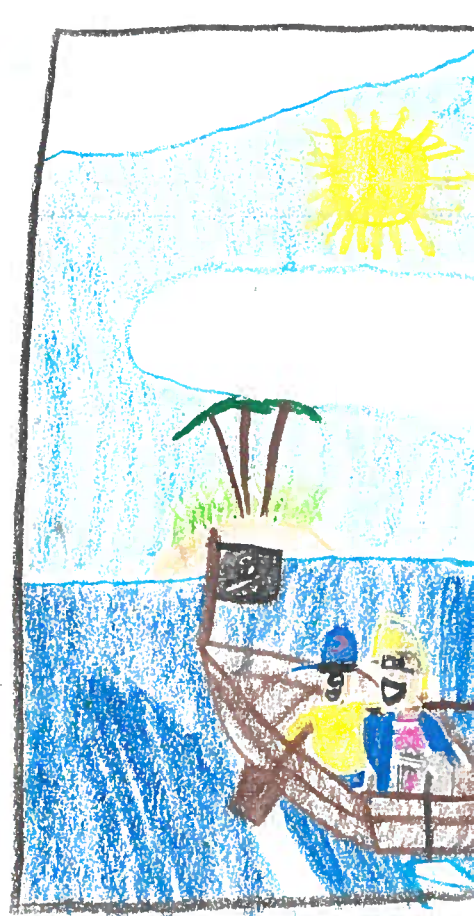

to it!" Sandy said as she raste the jellyfishes
down quickly. Then SpongeBob saw Plankton
sucking up the jellyfishes in a fishing net.
Plankton said so evilly, "Hello SpongeBob!" "Plankton
said SpongeBob. Plankton said his speech, "You're
just in time for the most exciting part of my
latest and greatest plan. Behold! I'm draining
these jellyfishes on my fishing boat to the
aquarium in Texas. So that I can have the
secret formula. Oh, I have some new bubbles
to share with you." "What kind of bubbles are
you going to share us?" Sandy asked. "I'll show
you!" Plankton said as he stand in front of the air
tank. He put out the hot sauce and blew
them in the air tank. Suddenly, the air tank
melted and all the water filled in the tree
dome. Sandy gasped, "Now looked what you done.
My suit air supply was nearly empty.
As soon as I ran out of fuel, I have
to go to the doctors." "Why don't you
use the doctors here in Bikini Bottom?"
Patrick asked. "Because, I have a real doctor
back home on land." Sandy said so wowsy. "Oh no!"

I only have few minutes of air left. I farts dizzy already. Plankton thought to himself and gave a mouth watering krabby pattie with blue jelly in it. He said "Here, have a Krabby Pattie." Then SpongeBob shouts, "Sandy don't, it's a lotus jelly krabby pattie. It will parallelize you." As Sandy swallowed the lotus jelly krabby pattie, he fuel was empty. "Well, I guess I won't need this anymore." She said as she took off her helmet. Suddenly the fish guards came over and asked, "What the barnicles is going on?" SpongeBob explained, "Sir, Sandy ran out of crazy air stuff that she needs to breathe. We had to take her to the hospital." "Al right!" Plankton said. "We take her and the jelly fishes to the Moody Gardens! Oh Cyclops! The cyclops came down the anchor and started carrying the Jelly fishes up on the net. 'We have to save them,' SpongeBob said immediatly, 'We have to tell all the jelly fishes to

swim down." "Got it." Patrick said. SpongeBob and Patrick tried to tell all the jellyfishes to swim down. Then Patrick saw Sandy was being carried away by the cyclops. He said, "Uh, SpongeBob, you might wanna swim up above the water." "You're correct!" Said SpongeBob. "I'll go up the surface and look for Sandy. When I tie on this rope, you pull me down." "But, how can you get up there?" Patrick asked. "I'll use this tank of oxygen tank." "An oxygen tank? Great idea, buddy!" Patrick allowed himself with a smile. As SpongeBob launches the oxygen tank to the surface, he swam to the top. "Sandy!" SpongeBob said he looked all over for her. "No, please, no!" Then the narrator said "Will SpongeBob find his way? Stay Tuned." The commercial popped up, and Jack turned off the T.V. He said, "I can't just wait until the commercial is over. I gotta go help." "Well, there is a way." Potty said. "Daddy said

that he's off to work at Nickelodeon studios and he's off to Bikini Atoll looking for SpongeBob. "Well, what are you waiting for? Let's go!" Jack said, excitedly. So Jack put on his Chicago Cubs Baseball cap and a yellow jacket, then he packed up his backpack, got on the bike and rode to Nickelodeon Studios. On the Pacific Ocean, Patchy and Lucy was testing the sea creature voice volume to see who's warning them. Lucy came up to Patchy and asked, "Did you find any clues yet?" "Uh, not quite." Patchy cried. Then the volume got higher and higher. Lucy shouted, "Ooh, ooh! I think I heard something. It looks like SpongeBob is in trouble." "Oh my!" Patchy said with a panic, "I wonder where it came from." Suddenly, the fishing boat raced pass them.

It looks like a fishing boat!" Lucy said as she looked through the binoculars, "And they got the jelly fishes! We've got to save them!"

They followed the boat. Meanwhile, Jack was at the old Nickelodeon studios. He looked at the closed gates. Then a girl ran up to Jack. She said, "Hello!" "Hi!" Jack replied. "What's your name?" the girl asked. "My name is Jack." "Who are you?" he asked. "Oh, I'm Kathryn!" "What are you doing here?" "I was looking for SpongeBob," Jack explained. "SpongeBob is in trouble. Sandy was captured by the cyclops!" "I know!" Kathryn said. "Can you help me?" Jack asked. She said, "Sure!" So they went in side the Nickelodeon Studios.

Jack and
Kathryn got
to Patchy's
office, it got
dark. They look
ed around
until Jack saw
a treasure
map of Bikini
Atoll. Jack told

Kathryn, "Hey Kathryn, I think I found where Patchy
is looking for." "But SpongeBob is a cartoon character."
Kathryn said. Jack explained, "Look, my dad is looking
for him. If we found him, he'll
be so proud of us. In fact, we can all live in
another dome like Sandy's." "Alright," she said.
They walked down stairs at the dungeon, they
saw that the sonar was gone. She said, "Oh well, we
can't row." Then Jack saw a small row boat on the
water, he said, "We'll have to row." "You've got to
be kidding me," Kathryn gasped, "we're gonna have
to row all the way, across the Pacific
Ocean to find Bikini Bottom." So they rowed
all the way across the Pacific Ocean. 12 hours
later, they arrived at the island of Bikini Atoll.
Kathryn asked, "I wonder where Bikini Bottom could be."
